Potawatomi Online Courses Began January 25th

On January 25th, 2010, Potawatomi language courses were again launched for adult students. Community and Tribal members were strongly encouraged to join us. About 30 adults have signed on to take the Basics Part 1 language course.

Potawatomi Basics Part 1

This is an 18 week course that covers the basics of Potawatomi grammar. This is our beginner course that covers one topic per week on subjects such as nouns, pronouns, verbs and other grammatically structured themes. The course features stories and discussions and uses writing assignments and quizzes to assess students.

Potawatomi Basics Part 2

This course is the second part of our Potawatomi Basics courses. We strongly recommend that you attend the first course before taking this one. This course covers one topic per week on subjects such as verb conjugation, possession, and the infamous “conjunct”.

If you would like to participate in either course, please sign up with a user account on our [online course system](#) and then send an email to ejanofski@potawatomilanguage.org for registration.
